

Arina Karpova

Middle UI/UX Designer · Mobile Games · 2D Artist

4 years in mobile gamedev.
Full cycle: UX flows → UI design → production-ready assets for developers. Specialising in mobile games: HUD, monetisation, events, design systems. I combine UI design and 2D art skills - able to take a task from concept to final art independently.

UI/UX Designer · 2D Artist · Visual Novel App (Part-time)

Freelance Project

March 2026 — Present

- Designing a mobile app from scratch: style research and visual direction through to final UI
- Full interface design: navigation, content library, profile, shop screens
- Created in-game icons and illustrations for UI

UX/UI Designer · Visual Novel App (Full-time)

Seven Hearts Stories

Nov 2025 — March 2026

- UX audit of the app: screen analysis, competitive review of the genre, alignment with team and game designers
- Built a new design system and component library — full visual overhaul of the application
- Designed new features from scratch: character profile, achievements, shop, messages & notifications, special offer popups
- Full cycle per feature: UX analysis → user flows → wireframes → final UI → developer handoff

Middle UI/UX Designer · 2D Artist · Social Life Simulator (Full-time)

Avatar Life

101XP

Nov 2023 — Aug 2025

- Designed new features for a live product with millions of active players: shop, profile, menu, mini-game screens; 2D isometric furniture art; UI illustrations
- Built a UI kit and design system in Figma (Auto Layout, Variants); documented a full UI Specification with component descriptions, spacing and states for the engineering team
- Led orientation adaptation (landscape → portrait): restructured all screens while preserving UX logic
- Designed monetisation UI (shop, sales, mini-games) focused on conversion; store banners and promo art
